3 Product Description
A pre-mixed, ready-to-use, mild acid solution. Removes dried Portland cement grout haze and mortar residue from tile, concrete and masonry. Safe for use on colored grouts. Removes hard water deposits, efflorescence and also etches concrete.

Key Features
- Liquid acidic treatment
- Removes efflorescence

Uses
Used for removal of dried Portland cement grout and mortar residue from the surface of glazed and unglazed ceramic tile, concrete and masonry. It is ideal for neutralizing efflorescence. It can also be used to slightly etch concrete surfaces to create a better bond for adhesives.

Limitations to the Product
May etch some glazed tile. Do not use on marble or polished stone. Do not allow product to contact metal objects. Do not transfer contents to unlabeled containers.

Packaging
1 quart (946 mL) bottle

4 Technical Data
Technical Properties Chart
- pH of mixed solution is 2.3
- Complies with all Federal and SCAQMD Standards for VOC

5 Instructions
Application of Product
USE CHEMICAL-RESISTANT GLOVES, such as nitrile, when handling product.
Read entire label before using. Follow surface preparation instructions. Surface must be saturated with water at least one hour prior to acid solution application. Avoid contact with metal. Scrub surface with a nylon bristled brush after applying solution. Work in small areas only. Flush with water immediately after brushing surface. Do not allow solution to set longer than is necessary for brushing to be completed on Portland cement grout, glazed ceramic and unglazed quarry tile or masonry installations. Wash thoroughly with water as soon as brushing is completed. Do not use repeated acid washings as damage to surface may result. For heavy concrete etching, solution may be allowed to set on surface of concrete for up to 30 minutes prior to flushing with clean water.

Cleaning of equipment
Clean tools and hands with water before material dries.

Storage
- Close container tightly after each use
- Store in original container only
- Store in and use in temperatures between 40°F - 90°F (4°C and 32°C)
- Store in areas inaccessible to small children
- Do not reuse empty container, wrap and discard in trash or recycle

Health Precautions
DANGER: CORROSIVE. HARMFUL IF SWALLOWED. CAUSES EYE, SKIN AND RESPIRATORY IRRITATION. Wear skin and eye protection. Do not breathe vapor or spray. Contains glycolic acid. If in eyes, flush with water for at least 15 minutes. If on skin, wash with soap and water. If respiratory tract is irritated, move to fresh air. If irritation persists, seek medical attention. If swallowed, DO NOT induce vomiting, seek medical attention. KEEP OUT OF REACH OF CHILDREN. Do not transfer contents to unlabeled containers. Close container after each use.
