3 Product Description

NOTE: This product has been discontinued.

A permanently flexible polyurethane adhesive sealant that cures in the presence of atmospheric moisture to produce high-strength bonds that can replace rivets, welds and other fasteners. Polyurethane sealant has been specifically developed for use in the assembly of Custom Shower Installation Systems.

- 100% polyurethane elastomeric sealant
- Part of the RedGard® waterproof membrane system for walls and floors

Key Features

- 100% polyurethane elastomeric sealant
- Part of the RedGard® waterproof/vapro proof membrane system for walls and floors
- Low VOCs
- Gray

Uses

- Bonding, sealing and caulking
- Bonds to metals, glass, wood, sidewalls, rubber door gaskets, profiles
- Waterproofing tape seams
- Suitable above and below water line

4 Instructions

General Surface Prep

Surfaces should be free from oil, grease, or dust.

Application of Product

Trim nozzle for proper bead size. Puncture seal.

See RedGard® Shower System installation instructions for complete application details.

5 Product Warranty

Custom® Building Products warrants to the original consumer purchaser that its product shall be free from defects in material and workmanship under normal and proper usage for a period of one year following the date of original purchase. Custom's® sole liability under this warranty shall be limited to the replacement of the product. Some states, countries or territories do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty will not extend to any product which has been modified in any way or which has not been used in accordance with Custom's® printed instructions. Custom® makes no other warranties either expressed or implied. This warranty gives you specific legal rights, and you may have other rights that vary from state to state or from one country/territory to another. Click for details and complete [warranty information](#).
