Historic Milestones

1945
Thomas R. Peck, Sr. starts manufacturing acrylic paint for the booming post war housing market in Southern California.

1946
Peck forms partnership with tile contractor Mike Bileck; they develop a unique ceramic tile adhesive.

1962
CUSTOM Building Products incorporated.

1970
First commercial acrylic grout introduced.

1983
COMPANY HEADQUARTERS TRANSFERRED TO SEAL BEACH, CA (TARGETED FOR MIDDLE AND EAST COAST DISTRIBUTION)

1997
Introduces CustomLite Technology in lightweight mortars and grouts. P&A-Technology center opens in Santa Fe Springs, CA.

2004
To meet market demands, plants added in Louisiana, California, Nevada and British Columbia.

2005
CustomLite Technology introduced in lightweight mortars and grouts. P&A-Technology center opens in Santa Fe Springs, CA.

2006
Aqua Mix acquired.

2012
Introduces Fusion Pro, the world’s first Single Component Grout.

2013
Bought by the Quikrete Companies.

2014
CUSTOM’s tile and Custom Flooring Installation Systems下属 projects: the Marshall for all flooring coverings.

2015
New grout palette of 40 colors offered in all grout solutions plus the Fusion Pro Designer Series.

2016
Aqua Mix acquired.

2019
CUSTOM becomes the largest manufacturer of installation product in the U.S.

2020
To meet market demands, plants added in Illinois, California, Nevada and British Columbia.

CUSTOM leads

the tile installation industry with a long-standing reputation for quality, service and value.

For more than 50 years, CUSTOM continues to be a leading and trusted name in tile and stone installation systems for commercial, industrial and residential applications. And today, even though the demands of the industry have changed over time, our commitment to quality service and value — the hallmarks of our company — have remained constant. Today, those commitments are even stronger as a member of the Quikrete family of Companies.

CUSTOM's patented product technologies are the choice of experienced construction professionals. And for good reason: CUSTOM tile installation systems safeguard the tile on many of the most challenging projects, from airports and stadiums to historic renovations and high-rises. Our expert Architectural and Technical Services teams also provide designers, architects and builders with specification assistance and jobsite inspections, across the U.S. and Canada.

CUSTOM creates

the systems that make the difference — for the lifetime of the tile.

CUSTOM has long been recognized for game-changing products that have become trusted names in the tile industry. We introduced the first polymer modified colored grout, pioneered lightweight mortars and underlayments, and created the revolutionary single component® Grout and the first waterproof liquid membranes. Our installation has been transformed forever thanks to CUSTOM product systems like RedGard®, LevelQuik®, WonderBoard® lite, WonderBoard® ProLite®, J-Sahn® Pro®, and Aqua Mix®.

Never content to rest on our laurels, CUSTOM is continually looking for ways to refine and enhance our products to ensure their performance, ease of use and long-term durability. Our Research and Development team continuously tests existing products under demanding conditions for reliability and ongoing formula improvements.

CUSTOM offers

System Warranties that set the standard for the industry.

Our comprehensive tile installation systems are guaranteed for up to a lifetime when a system of eligible products are used. It protects the entire tile installation in the event of a system failure. This is the most comprehensive lifetime warranty in the industry — a demonstration of our commitment to quality.

Our products meet and exceed performance standards set by ANSI, NTCA, LEED and other organizations. Our plants are strategically located around North America to meet the needs of our customers. Our automated, state-of-the-art manufacturing facilities produce products with consistent quality.

For more than 50 years, CUSTOM continues to be a leading and trusted name in tile and stone installation systems for commercial, industrial and residential applications. And today, even though the demands of the industry have changed over time, our commitment to quality service and value — the hallmarks of our company — have remained constant. Today, those commitments are even stronger as a member of the Quikrete family of Companies.

CUSTOM is the single source for all floor covering installation needs.

CUSTOM manufactures the most comprehensive flooring preparation, and tile and stone installation systems available.

Our plants are strategically located around North America to meet the needs of our customers.

We have a dedicated fleet of trucks to expedite delivery of raw materials and finished goods.

CUSTOM products include:

- PREP: Waterproofing and crack isolation membranes, backerboards, self-leveling underlayment and mat underlayments, plus surface prep for all floor coverings.
- GROUT: A palette of 40 versatile colors in every grout solution from cement-based to single component grout, including stain proof Fusion Pro® and America's #1 grout Polyblend®.
- CARE: CUSTOM's Aqua Mix® line is the most contractor-preferred brand of tile and stone sealing and cleaning products in the industry.

PREP

Waterproofing – A complete line of waterproofing and crack isolation membranes, backerboards, self-leveling underlayment and mat underlayments, plus surface prep for all floor coverings.

GROUT

A palette of 40 versatile colors in every grout solution from cement-based to single component grout, including stain proof Fusion Pro® and America’s #1 grout Polyblend®.

CARE

CUSTOM's Aqua Mix® line is the most contractor-preferred brand of tile and stone sealing and cleaning products in the industry.
