

Conquer Grout Haze with Aqua Mix®

Don't let grout haze slow down your projects. Today's tiles are more textured and can include factory-applied coatings that occasionally cause grout to stick around. Count on Aqua Mix problem solving tile care and maintenance solutions to prevent and remove haze from all of today's grout types.

**New
Thicker
Formula**

Grout Release

A temporary, water soluble, pre-grout coating. It provides protection against grout and mortar staining and eases grout clean-up.

NEW

Cement Grout Haze Remover

An acidic treatment designed to remove cementitious grout haze. Also effective for the removal of most hard water stains, rust stains, efflorescence and lime deposits. Contains no phosphates.

NEW

Non-Cement Grout Haze Remover

A safe cleaner that effectively removes Single Component®, pre-mixed, urethane, and light epoxy grout haze from the face of most common tile and natural stone products.
