

# Multi-Family and Mixed Use

Hardworking tile assemblies that bring beauty and comfort to residents and customers alike

Low-rise or high-rise, this type of construction is certainly on the rise. Blending the needs of production—or even custom—home building with hospitality and often retail elements, these installations need to do it all.

## EasyMat®

**EasyMat® Tile and Stone Underlayment** is a lightweight, easy-to-install alternative to backerboard. It exceeds ANSI standards for sound transmission reduction, making it ideal for multi-story residential projects.

### Common Concerns

- Containing water in wet areas
- Safe and flat tile surface
- Preventing grout stains
- Impact sound reduction
- Low VOC and Green products
- Transitions to other floor coverings

### Installation Solutions

- Self-Leveling Underlayment: **LevelQuik® RS**
- Waterproofing Membrane: **RedGard® Liquid**
- Crack Isolation Membrane: **Crack Buster® Pro, RedGard® Mat, EasyMat®**
- Mortar: **ProLite®, MegaLite®**
- Grout: **Fusion Pro®, Prism®**
- Expansion Joint Treatment: **Commercial 100% Silicone Sealant**
- Maintenance: **Aqua Mix® Sealers & Cleaners**
