The Easiest Grout to Install...PERIOD!

Just ask the Pros!

NEW!

Ultimate Performance Pre-Mixed Single Component[®] Grout

Complete Projects Faster —

- Handles better than traditional cement grout
- Clean immediately or within 30 minutes
- Easier clean-up than cement or epoxy

Dan Lambert,
Lambert
Tile & Stone

"It's a big step forward in technology!"

"The thing that really stood out to me with the Prism SCG is its consistency throughout the bucket. It's super creamy and it spreads really nice, fills the joints really good. When I wipe it, Prism SCG keeps a full joint. And it lifts off the tile real easy."

"It's extremely easy to work with. It cleans easy. You can leave this grout on for up to half hour or more, depending on what the tile material is. Come back and still be able to wipe it off and have a full joint and have color consistency."

"We are just delighted with how it works."

The Pro's Love

prism[®] SCG

"I thought this was going to be difficult,
it's actually very easy to use!"

- Daniel V., Newark, DE.

"Really looking forward to the new Prism SCG
with the new time-savings it will provide"

- Mark H., Austin, TX

"Easy to work with"

- Byron V., Chalfont, PA

"Love this new Prism SCG and
can't wait to use it exclusively"

- Gavin G., Fort Collins, CO

"Easy to spread and clean, approximately
60-80 sqft at a time. Awesome product"

- John M., Langley, BC
